

# THE "I OPPOSE THE MANDATORY HIJAB" BUTTON CAMPAIGN

The original buttons were made in Tehran in 2018 to support the women's rights movement in Iran. They were destroyed following police raids that led to several arrests. We made exact replicas to show this idea can't be crushed.

#FreedomButton expresses solidarity with those who fight for the right of women everywhere to choose what they wear, think, and do!

"If the government can dictate what you have *on* your head, it can dictate what you have *in* your head."

- human rights attorney Nasrin Sotoudeh
