

Certificate of origin

The electrical energy used by:

Vitale Vert

Infomaniak Network SA

43 Route des Acacias, 1227 Carouge, Geneva, Switzerland

is made up 40% Electricité Vitale Vert, ecological solar and hydro power, in accordance with the demanding criteria of the Swiss **naturemade star** label. In addition, the remaining 60% of our electricity comes from hydropower generated by Swiss dams.

SIG's energy accounts are regularly inspected by the independent body SGS. It ensures that the supply and sale of energy is correct, that the accounts are accurate and, consequently, that the equivalent of each customer's consumption has been injected into the electricity grid.

This certificate has been registered under number 593040

It certifies the quality electricity consumed in 2024

Geneva, January 29, 2024

A handwritten signature in black ink.

Vincent Collignon

Executive Vice President, Customer Relations
